

# ENVIRONMENTAL POLICY

**Acorn Mobility Services strives to be a leader in environmental sustainability and recognises that a successful future for our business and the customers we serve depends on the sustainability of the environments, communities and economies in which we operate.**

As a responsible corporate citizen, we bear a responsibility to consider the impacts of our actions and how they affect the environment both directly in terms of our own operations, and indirectly through our purchasing decisions, the products and services we offer our customers and the business opportunities we pursue.

We are committed to minimising the impact of our operations on the environment and to demonstrating leadership by integrating environmental considerations into all our business practices.

The requirements of this policy apply to all entities and employees of Acorn Mobility Services Limited.

We want our products, services and production to be part of a sustainable society. Acorn Mobility Services is committed to:

- Protecting the environment, including preventing pollution through responsible management of our operations
- Giving appropriate weight to this environmental policy when making future planning and investment decisions
- Designing products to reduce their adverse environmental impact in production, use and disposal
- Reducing resource consumption, waste and pollution in our operations;
- Actively promoting recycling both internally and amongst our customers and suppliers
- Complying with, or exceeding, our environmental obligations, including taking a proactive approach regarding environmental legislation which affects our business.

Acorn Mobility Services Limited recognises that we have a responsibility to the environment, legislative and regulatory requirements. We will ensure that this policy and all procedures relating to it are understood, implemented, and maintained by all company employees.
